

OUTSTANDING!

We are delighted to announce that Call Connection has been awarded 2 stars in the Best Companies Accreditation Index and has been short-listed for the "Sunday Times Best Companies to Work for" lists.

This is a great achievement for a young, relatively small company such as ours in the first year we have applied. Of all the companies listed in the same category of 250 to 5000 employees, less than 20% received this elite accreditation.

Best Companies has built its reputation on rigorous methodology to ensure its accreditation truly acknowledges corporate excellence in the workplace. Being a "Best Company" reflects management thinking with a deep rooted commitment to being the best we can be in every area of the workplace and in the day to day lives of our workforce.

We realise that focussing on people brings real benefits, not least of which is improved financial performance.

Two star awards recognise organisations, which are "Outstanding". One star is "Excellent" and three stars "Extraordinary", so we still have something to aim for next year!

I am very pleased that the time taken by the staff to complete all their forms has been so richly rewarded. It is a fantastic result and will be even better if we are listed in the Sunday Times Top 100.

We find out 1st March! Well done everyone. But then I always knew you were a star company this just means someone else thinks so too.
