

CallConnection

A LOCAL COMPANY

Make your New Year's resolution early and take a look at Call Connection for your next career move.

Fast moving , Innovative , Different.....

Do you want to be part of this local company?

We are advertising in the Suffolk Careers Fair to find enthusiastic Call Transfer Executives to fill our excellently equipped call transfer centre in the heart of Ipswich Town centre.

So who are we?

Call Connection, established in June 2003 by insurance professionals, identified a need to support the insurance industry with a service that answers, screens and filters customers' calls, and directs them to the most appropriate provider.

No longer will customers have to trawl the internet or search for hours through the Yellow Pages to find suitable insurance. Call Connection can put customers in touch with the insurers offering them the right product at the right price.

How long have we been trading?

In just two years the company has grown to more than 270 employees, handling over 40,000 calls a week and achieving a £25 million turnover.

Where are we based?

To cope with this rapid expansion, Call Connection purchased Saxon House in the centre of Ipswich. This newly extended and refurbished 15,000 square foot building, incorporates a call centre with the latest IT infrastructure and IP telephony to meet future growth and development plans.

How to find out More
